7-5700 www.crs.gov R44019 Following are selected highlights of the versions of H.R. 1735, the FY2016 National Defense Authorization Act (NDAA), passed by the House of Representatives on May 15, 2015, passed by the Senate on June 18, 2015, and reported on September 30, 2015 by a House-Senate conference committee. The version of the bill considered by the Senate had been reported by the Senate Armed Services Committee as S. 1376 on May 19, 2015. When the Senate took up H.R. 1735, it substituted the text of S. 1376 for the text of the House-passed version of H.R. 1735.

This CRS Fact Sheet, based on the three versions of the bill and their respective committee reports (H.Rept. 114-102, S.Rept. 114-49, and H.Rept. 114-270) is designed as a time-urgent product offering Members the best available information pending publication of a CRS report on the legislation.
