## Summary

The legislative branch appropriations bill provides funding for the Senate; House of Representatives; Joint Items; Capitol Police; Office of Compliance; Congressional Budget Office (CBO); Architect of the Capitol (AOC); Library of Congress (LOC), including the Congressional Research Service (CRS); Government Publishing Office (GPO); Government Accountability Office (GAO); Open World Leadership Center; and the John C. Stennis Center.

The FY2019 legislative branch budget request of \$4.960 billion was submitted on February 12, 2018. The budget request levels were developed prior to the enactment of full-year appropriations for FY2018. Agency assessments for FY2019 may subsequently have been revised—for example, to account for items funded or not funded in the FY2018 Consolidated Appropriations Act. Subsequent discussions may vary from the levels or language included in the budget request due to this timing. For purposes of this report, however, FY2019 requested levels refer to the requested levels originally submitted unless otherwise noted. By law, the President includes the legislative branch request in the annual budget submission without change.

The House Appropriations Committee’s Legislative Branch Subcommittee held hearings in April to consider the FY2019 legislative branch requests. On May 8, 2018, the House Appropriations Committee held a markup of the bill. Three amendments were considered: one, a manager’s amendment, was adopted, and the bill was ordered reported.

On May 24, 2018, the text of H.R. 5894 was included in a print issued by the House Rules Committee entitled “Text of Energy and Water, Legislative Branch, and Military Construction and Veterans Affairs Appropriations Act 2019” (Committee Print 115-71, which also contained the text of H.R. 5895, H.R. 5894, and H.R. 5786). On June 5 and 6, the House Rules Committee met to consider rules for the consideration of H.R. 5895, which included legislative branch funding as Division B; the bill has sometimes been referred to as a “minibus” appropriations package. The rule for consideration (H.Res. 918, H.Rept. 115-711) was agreed to in the House on June 6, 2018. Of the seven amendments to Division B made in order by H.Res. 918, six were offered and four were agreed to (three by voice vote and one by roll call vote). H.R. 5895 passed in the House on June 8, 2018, by a vote of 212-179 (Roll No. 257). The House-passed total for legislative branch activities, excluding Senate items, was \$3.811 billion (H.R. 5894, H.Rept. 115-696).

The Senate Appropriations Committee’s Legislative Branch Subcommittee held hearings in April and May of 2018 to consider FY2019 legislative branch requests. On June 14, the Senate Appropriations Committee held a markup of its version of the FY2019 bill and reported S. 3071 (S.Rept. 115-274), which proposed \$3.367 billion for legislative branch activities, excluding House items. The Senate began consideration of FY2019 legislative branch appropriations on June 18, 2018, agreeing to an amendment in the nature of a substitute (S.Amdt. 2910) that was made to H.R. 5895. Four amendments were agreed to for the legislative branch section of the bill, which is in Division B. H.R. 5895, as amended, was passed in the Senate on June 25, 2018, by a vote of 86-5 (Rollcall Vote No. 139 Leg.). The Senate-passed bill would have provided \$4.796 billion for the legislative branch, including House items.

On September 10, 2018, a conference report (H.Rept. 115-929) was filed on H.R. 5895, the Energy and Water, Legislative Branch, and Military Construction and Veterans Affairs Appropriations Act, 2019. The conference report was agreed to in the Senate on September 12 and in the House the following day. The President signed the bill, which provides \$4.836 billion for the legislative branch, an increase of \$136.0 million (+2.9%) from the FY2018 level, on September 21 (P.L. 115-244).

The FY2018 Consolidated Appropriations Act (P.L. 115-141) provided \$4.700 billion, an increase of \$260.0 million (+5.9%) from FY2017. The FY2017 level of \$4.440 billion was an increase of \$77.0 million (+1.7%) from FY2016. The FY2016 level of \$4.363 billion represented an increase of \$63 million (+1.5%) from the FY2015 level of \$4.300 billion, and the FY2015 level represented an increase of \$41.7 million (+1.0%) from the FY2014 funding level of \$4.259 billion. The FY2013 act funded legislative branch accounts at the FY2012 enacted level, with some exceptions (also known as “anomalies”), less across-the-board rescissions that applied to all appropriations in the act, and not including sequestration reductions implemented on March 1. The FY2012 level of \$4.307 billion represented a decrease of \$236.9 million (-5.2%) from the FY2011 level, which itself represented a decrease of \$125.1 million (-2.7%) from FY2010.

The smallest of the appropriations bills, the legislative branch comprises approximately 0.4% of total discretionary budget authority.

## FY2019 Consideration: Overview of Actions

The first section of this report provides an overview of the consideration of FY2019 legislative branch appropriations, with subsections covering each action to date, including

- the initial submission of the request on February 12, 2018;
- hearings held by the House Legislative Branch Subcommittee in April 2018 and hearings held by the Senate Legislative Branch Subcommittee in April and May 2018;
- House subcommittee markup held on April 26, 2018;
- House full committee markup on May 8, 2018;
- the May 24, 2018, inclusion of a modified text of the legislative branch bill (H.R. 5894) in a print issued by the House Rules Committee;
- meetings of the House Rules Committee on June 5 and 6, 2018, to consider rules providing for the consideration of H.R. 5895, which included legislative branch funding as Division B;
- House consideration of a special rule for H.R. 5895 on June 6, 2018, and consideration of a special rule for further consideration for H.R. 5895 on June 7, 2018;
- House floor consideration of H.R. 5895 on June 7 and 8, 2018, followed by House passage on June 8, 2018;
- Senate full committee markup and reporting of its version of the legislative branch appropriations bill (S. 3071) on June 14, 2018;
- Senate consideration of H.R. 5895, beginning June 18, 2018, and the agreement to S.Amdt. 2910, an amendment in the nature of a substitute, on June 18, 2018, followed by Senate passage of H.R. 5895, as amended, on June 25, 2018; and
- conference report (H.Rept. 115-929) agreed to by the Senate on September 12, 2018, by the House on September 13, 2018, and signed into law on September 21, 2018 (P.L. 115-244; the Energy and Water, Legislative Branch, and Military Construction and Veterans Affairs Appropriations Act, 2019).

It is followed by a section on prior year actions and funding, which contains a historical table and figure.

The report then provides an overview of the FY2019 budget requests of individual legislative branch agencies and entities.

**Table 5** through **Table 9** list enacted funding levels for FY2018 and the requested and House-passed, Senate-passed, and enacted levels for FY2019, while the **Appendix** lists House, Senate, and conference bills and reports; public law numbers; and enactment dates since FY1998.

### Submission of FY2019 Budget Request on February 12, 2018

The *Budget for Fiscal Year 2019* was submitted on February 12, 2018. It contains a request for \$4.960 billion in new budget authority for legislative branch activities.<sup>1</sup> By law, the legislative branch request is submitted to the President and included in the budget without change.<sup>2</sup>

### Timing of the FY2019 Budget Submission Prior to the Enactment of FY2018 Funding: Implications

In general, FY2019 legislative branch budget requests had already been developed and submitted to the Office of Management and Budget (OMB) prior to the enactment of full-year funding for FY2018, which occurred on March 23, 2018.

Accounts in the *Budget* therefore include the following disclaimer:

Note.—A full-year 2018 appropriation for this account was not enacted at the time the budget was prepared; therefore, the budget assumes this account is operating under the Continuing Appropriations Act, 2018 (Division D of P.L. 115–56, as amended). The amounts included for 2018 reflect the annualized level provided by the continuing resolution.

Agency assessments for FY2019 may subsequently have been revised following the enactment of the FY2018 Consolidated Appropriations Act—for example, to account for items funded or not funded in that act. Subsequent discussions may vary from the levels or language included in the

<sup>2</sup> Pursuant to 31 U.S.C. 1105, “Estimated expenditures and proposed appropriations for the legislative branch and the judicial branch to be included in each budget ... shall be submitted to the President ... and included in the budget by the President without change.” Division C of the FY2012 Consolidated Appropriations Act (P.L. 112-74) added language to 31 U.S.C. 1107 relating to budget amendments, stating: “The President shall transmit promptly to Congress without change, proposed deficiency and supplemental appropriations submitted to the President by the legislative branch and the judicial branch.”

budget request due to this timing. For purposes of this report, however, FY2019 requested levels refer to the requested levels originally submitted unless otherwise noted.

- a. The House subcommittee announced that it would accept programmatic and language submissions from Members through March 16, 2018. Following the enactment of the FY2018 Consolidated Appropriations Act on March 23, this date was extended to April 11, 2018.

## House Appropriations Committee Subcommittee on the Legislative Branch Markup

On April 26, 2018, the House Appropriations Committee Subcommittee on the Legislative Branch held a markup of the FY2019 bill. The subcommittee recommended \$3.811 billion, a \$133 million increase (+3.6%) from the comparable 2018 enacted level, not including Senate items, which are historically considered by the Senate and not included in the House bill.

No amendments were offered.

## House Appropriations Committee Legislative Branch Markup

On May 8, 2018, the House Appropriations Committee met to mark up the FY2019 bill reported from its legislative branch subcommittee. The following amendments were considered:

- a manager's amendment, offered by Chairman Yoder of Kansas, which was agreed to by voice vote, with technical and other changes, including (1) the repeal of authorizations for office space, office expenses, franking and printing privileges, and staff for former Speakers of the House; and (2) directing the Chief

Administrative Officer (CAO) to hire an external contractor to conduct a House employee salary study;

- an amendment offered by Representative Wasserman Schultz of Florida, related to the House historical buildings revitalization trust fund, which was not agreed to; and
- an amendment offered by Representative Kilmer of Washington and Representative Cuellar of Texas, containing language expressing the sense of Congress that the Comptroller General should present an annual report on the fiscal state of the nation, which was withdrawn.

The bill, as amended, was reported out of committee by roll call vote of 47-0 (H.R. 5894, H.Rept. 115-696).

## House Consideration of a Special Rule

On May 24, 2018, the text of H.R. 5894 was included in a print issued by the House Rules Committee entitled “Text of Energy and Water, Legislative Branch, and Military Construction and Veterans Affairs Appropriations Act 2019” (Committee Print 115-71, which also contained the text of H.R. 5895 and H.R. 5786 along with modifications). An announcement regarding the amendment process was issued.<sup>3</sup>

The House Rules Committee met on June 5 and 6, 2018, to consider a special rule for the consideration of H.R. 5895, which included legislative branch funding as Division B. The House Rules Committee met to consider a special rule providing for the further consideration of H.R. 5895 on June 7, 2018. A total of 33 proposed amendments to the legislative branch section of the bill were considered by the committee (including 9 that the committee considered late or late revised and 2 that were withdrawn).<sup>4</sup> Seven amendments to Division B were made in order under the rule reported by the House Rules Committee (H.Res. 918, amendments printed in H.Rept. 115-712).

H.Res. 918 was agreed to in the House on June 6, 2018 (223-175, Roll No. 235; see also H.Res. 923).

## House Floor Consideration and Passage

The House proceeded to consideration of H.R. 5895 on June 7, 2018, and continued consideration on June 8. Of the seven amendments to Division B made in order by H.Res. 918, six were offered and four were agreed to:

- H.Amdt. 758, agreed to by voice vote, increasing funding for the House Wounded Warrior Program by \$250,000 (offset by a decrease in funding for the AOC’s Capital Construction and Operations account);
- H.Amdt. 759, agreed to by voice vote, increasing funding for the House Office of Employee Assistance by \$500,000 (offset by a decrease in funding from the AOC’s Capitol Grounds account);
- H.Amdt. 760, agreed to by roll-call vote (Roll No. 254), reestablishing a semiannual GAO financial review of obligated expenditures from the Independent Counsel; and

- H.Amdt. 762, agreed to by voice vote, prohibiting funds made available in the bill from being used to purchase plastic drinking straws.

H.R. 5895 was passed in the House on June 8, 2018, by a vote of 212-179 (Roll No. 257).

## **Senate Appropriations Committee Legislative Branch Markup and Reporting**

On June 14, 2018, the Senate Appropriations Committee met to mark up its version of the FY2019 bill. One amendment was agreed to via unanimous consent related to providing funds to pay interns in Senators' offices.

The committee recommended \$3.367 billion, a \$55.5 million increase from the FY2018 enacted level (+1.7%). This total does not include funding for House items, which are historically considered by the House. One amendment was offered as part of a manager's package, which was agreed to by unanimous consent, and the bill was ordered reported (S. 3071, S.Rept. 115-274).

## **Senate Floor Consideration and Passage**

The Senate began its consideration of FY2019 legislative branch appropriations on June 18, 2018, as part of a "minibus" appropriations package that also included the text of the energy and water and military construction and veterans affairs appropriations bills. An amendment in the nature of a substitute (S.Amdt. 2910)<sup>5</sup> was made to the related House-passed appropriations bill (H.R. 5895). Four amendments addressing the legislative branch portion of the bill were agreed to:<sup>6</sup>

- S.Amdt. 2953, designating \$250,000 for the Library of Congress's Surplus Books Program to promote the program and donations for it;
- S.Amdt. 3051, designating \$2,383,000 for the Library of Congress's Veterans History Project to continue digitization efforts for its collections, engage in outreach with veterans, and promote public access to the project;
- S.Amdt. 3053, designating a maximum of \$5,000 for the Architect of the Capitol to spend working with contractors to eliminate or reduce the use of plastic drinking straws in facilities under the Architect's care; and
- S.Amdt. 3057, requiring that the Congressional Budget Office use at least \$500,000 to improve the transparency of budgetary effects scoring and improve the availability and replicability of models and data.

H.R. 5895, as amended, was passed in the Senate on June 25, 2018, by a vote of 86-5 (Rollcall Vote No. 139 Leg.).

## Conference Report Agreed to and Enactment of Funding Law

On September 10, 2018, a conference report (H.Rept. 115-929) was filed on H.R. 5895, the Energy and Water, Legislative Branch, and Military Construction and Veterans Affairs Appropriations Act, 2019.

The conference report was agreed to in the Senate on September 12 (92-5, Record Vote Number 207) and in the House the following day (377-20, Roll No. 399).

The President signed the bill on September 21 (P.L. 115-244). It provides \$4.836 billion for the legislative branch for FY2019 (Division B).

The FY2019 funding level represents an increase of \$136.0 million (+2.9%) from the FY2018 level.

## Funding in Prior Years: Brief Overview and Trends

### *Legislative Branch: Historic Percentage of Total Discretionary Budget Authority*

The percentage of total discretionary budget authority provided to the legislative branch has remained relatively stable at approximately 0.4% since at least FY1976.<sup>7</sup> The maximum level, 0.48%, was in FY1995, and the minimum, 0.31%, was in FY2009.

### **FY2018**

FY2018 funding was provided in Division I of the Consolidated Appropriations Act, 2018 (P.L. 115-141), which was enacted on March 23, 2018. The \$4.700 billion provided by the act represented an increase of \$260.0 million (+5.9%) from the FY2017 enacted level.

In addition, P.L. 115-123, enacted February 9, 2018, provided \$14.0 million to the Government Accountability Office “for audits and investigations relating to Hurricanes Harvey, Irma, and Maria and the 2017 wildfires.” (Title IX of Division B)

### **FY2017**

FY2017 funding was provided in Division I of the Consolidated Appropriations Act, 2017 (P.L. 115-31), which was enacted on May 5, 2017. The \$4.440 billion provided by the act represented a \$77.0 million increase (+1.7%) from the FY2016 enacted level.

<sup>7</sup> Calculations by CRS with data from Office of Management and Budget (OMB), Historical Tables, *Budget of the United States Government*, FY2019, Table 5.4—Discretionary Budget Authority By Agency: 1976–2023, available at <https://www.whitehouse.gov/omb/historical-tables/>. The calculations have some limitations, since the OMB data do not completely align with items funded in the annual and supplemental legislative branch appropriations acts. The differences may be partially traced to the definition of “legislative branch” in the OMB Public Budget Database user’s guide. Some entities regularly included with the legislative branch in many OMB budget documents, like the United States Tax Court and some Legislative Branch Boards and Commissions, are not funded through the annual legislative branch appropriations acts. Consequently, an examination of the discretionary budget authority listed in the *Historical Tables* reveals some differences with the reported total budget authority provided in the annual legislative branch appropriations acts. The difference in legislative branch budget authority resulting from the different definitions of the legislative branch in the OMB budget documents and in the appropriations acts, however, does not represent a significant difference in the proportion of total discretionary budget authority.

## FY2016

FY2016 funding was provided in Division I of the Consolidated Appropriations Act, 2016 (P.L. 114-113), which was enacted on December 18, 2015. The \$4.363 billion provided by the act represented a \$63.0 million increase (+1.5%) from the FY2015 enacted level.

## FY2015

FY2015 funding was provided in Division H of the Consolidated and Further Continuing Appropriations Act, 2015 (P.L. 113-235), which was enacted on December 16, 2014. The \$4.300 billion provided by the act represented an increase of \$41.7 million (+1.0%) from FY2014.

## FY2014

Neither a legislative branch appropriations bill nor a continuing appropriations resolution (CR) containing FY2014 funding was enacted prior to the beginning of the fiscal year on October 1, 2013. A funding gap, which resulted in a partial government shutdown, ensued for 16 days. The funding gap was terminated by the enactment of a CR (P.L. 113-46) on October 17, 2013. The CR provided funding through January 15, 2014.<sup>8</sup> Following enactment of a temporary continuing resolution on January 15, 2014 (P.L. 113-73), a consolidated appropriations bill was enacted on January 17 (P.L. 113-76), providing \$4.259 billion for the legislative branch for FY2014.

## FY2013

FY2013 funding of approximately \$4.061 billion was provided by P.L. 113-6, which was signed into law on March 26, 2013.<sup>9</sup> The act funded legislative branch accounts at the FY2012 enacted level, with some exceptions (also known as “anomalies”), not including across-the-board rescissions required by Section 3004 of P.L. 113-6. Section 3004 was intended to eliminate any amount by which the new budget authority provided in the act exceeded the FY2013 discretionary spending limits in Section 251(c)(2) of the Balanced Budget and Emergency Deficit Control Act, as amended by the Budget Control Act of 2011 (P.L. 112-25) and the American Taxpayer Relief Act of 2012 (P.L. 112-240). Subsequent to the enactment of P.L. 113-6, OMB calculated that additional rescissions of 0.032% of security budget authority and 0.2% of nonsecurity budget authority would be required. The act did not alter the sequestration reductions implemented on March 1, which reduced most legislative branch accounts by 5.0%.<sup>10</sup> The accompanying OMB report indicated a dollar amount of budget authority to be canceled in each account containing nonexempt funds.<sup>11</sup>

<sup>8</sup> The legislative branch previously experienced a funding gap in FY1996 (November 14-18, 1995).

<sup>9</sup> FY2013 level from the CBO cost estimate for “Continuing Appropriations Resolution, 2014 (H.J.Res. 59), Including the Amendment Reported by the House Committee on Rules on September 18, 2013 (H.Res. 352)” at <http://www.cbo.gov/sites/default/files/cbofiles/attachments/hjres59amendment.pdf>, which lists a total for legislative branch budget authority of \$4.061 billion, noting that it “includes effects of the 2013 sequestration.” This bill contained a small anomaly for the legislative branch.

### FY2012 and Prior

Division G of the FY2012 Consolidated Appropriations Act (P.L. 112-74) provided \$4.307 billion for the legislative branch. This level was \$236.9 million below (-5.2%) the FY2011 enacted level. P.L. 112-10 provided \$4.543 billion for legislative branch operations in FY2011. This level represented a \$125.1 million decrease from the \$4.668 billion provided in the FY2010 Legislative Branch Appropriations Act (P.L. 111-68) and the FY2010 Supplemental Appropriations Act (P.L. 111-212). The FY2009 Omnibus Appropriations Act provided \$4.402 billion. In FY2009, an additional \$25.0 million was provided for the Government Accountability Office (GAO) in the American Recovery and Reinvestment Act of 2009.<sup>12</sup> P.L. 111-32, the FY2009 Supplemental Appropriations Act, also contained funding for a new Capitol Police radio system (\$71.6 million) and additional funding for the Congressional Budget Office (CBO) (\$2.0 million).<sup>13</sup>

As seen in **Table 3**, legislative branch funding decreased each year from FY2010 through FY2013. Funding did not exceed the FY2010 level until FY2018 (+0.7% in current dollars).

**Figure 1** shows the same information graphically, while also demonstrating the division of budget authority across the legislative branch in FY2018.

- This number contains appropriations provided by P.L. 110-161 (the FY2009 Omnibus Appropriations Act), \$25.0 million for the Government Accountability Office provided by P.L. 111-5 (the American Recovery and Reinvestment Act of 2009), and \$73.6 million provided by P.L. 111-32 (the Supplemental Appropriations Act, 2009) for the U.S. Capitol Police and the Congressional Budget Office.
- This number contains appropriations provided by P.L. 111-68 (the FY2010 Legislative Branch Appropriations Act), and \$12.96 million in supplemental appropriations provided for the U.S. Capitol Police in P.L. 111-212 (the Supplemental Appropriations Act, 2010).
- This number does not include scorekeeping adjustment.

**Figure 2** shows the timing of legislative branch appropriations actions, including the issuance of House and Senate reports, bill passage, and enactment, from FY1996 through FY2019. It shows that fiscal year funding for the legislative branch has been determined

- on or before October 1 six times during this period (FY1997, FY2000, FY2004, FY2006, FY2010, and FY2019);
- twice during the first month of the fiscal year (FY1998 and FY1999);
- twice in November (FY1996 and FY2002);
- six times in December (FY2001, FY2005, FY2008, FY2012, FY2015, and FY2016); and
- eight times in the next calendar year (FY2003, FY2007, FY2009, FY2011, FY2013, FY2014, FY2017, and FY2018).

FY2017 funding, enacted on May 5, 2017, represented the latest date of enactment during this period.

FY2019 funding, enacted on September 21, was the first time funding had been enacted at or before the start of the fiscal year since the enactment of FY2010 funding.

(fiscal year consideration during the calendar year)

**Source:** CRS analysis of data found on <http://www.congress.gov>.

**Notes:** Each row represents consideration during the calendar year of the subsequent fiscal year spending bill (i.e., the calendar year 1992 row shows the timeline of consideration and passage of the FY1993 act). Arrows in the December column indicate consideration continued until the next calendar year. The figure shows when the committee report was filed, which may be later than the date the bill was ordered reported. When House and Senate action occurs on the same date, the House is shown first. The FY2010 Legislative Branch Appropriations Act (P.L. 111-68) is listed in this figure as stand-alone legislation (Division A), although it was also the vehicle for a continuing appropriations resolution (Division B).

## FY2019 Legislative Branch Funding Issues

The following sections discuss the various legislative branch accounts.

During consideration of the legislative branch bills, the House and Senate conform to a “longstanding practice under which each body of Congress determines its own housekeeping requirements and the other concurs without intervention.”<sup>14</sup>

As stated above, FY2019 legislative branch budget requests were generally developed and submitted to OMB prior to the determination of FY2018 funding, which was enacted on March 23, 2018.

## Senate

### Overall Funding

The Senate requested \$990.1 million for FY2019, a 7.6% increase over the \$919.9 million provided in FY2018. The Senate-passed bill (H.R. 5895, as amended) would have provided \$933.5 million, a \$13.5 million increase from the FY2018 enacted level (+1.5%). The FY2019 law provided \$934.8 million for the Senate, a \$14.9 million increase from the FY2018 enacted level (+1.6%).

Additional information on the Senate account is presented in **Table 6**.

### Senate Committee Funding

Appropriations for Senate committees are contained in two accounts.

- The *inquiries and investigations account* contains funds for all Senate committees except Appropriations. The Senate requested \$135.8 million, an increase of \$2.5 million (+1.9%) from the \$133.3 million provided in FY2018. The Senate-passed bill and FY2019 act continued the FY2018 level.
- The *Committee on Appropriations account* contains funds for the Senate Appropriations Committee. The Senate-requested level of \$15.5 million, which was provided in the FY2019 act, represents an increase of \$354,000 (+2.3%) from the \$15.1 million provided each year since FY2015.

### Senators’ Official Personnel and Office Expense Account<sup>15</sup>

The Senators’ Official Personnel and Office Expense Account (SOPOEA) provides each Senator with funds to administer an office. It consists of an administrative and clerical assistance allowance, a legislative assistance allowance, and an official office expense allowance. The funds may be used for any category of expenses, subject to limitations on official mail.

The Senate requested \$474.6 million, \$50.6 million above (+11.9%) the \$424.0 million provided in FY2018. The FY2019 Senate-passed and enacted level of \$429.0 million represents an increase of \$5 million (+1.2%). The \$5 million was added by an amendment at the Senate Appropriations Committee markup for the purpose of providing compensation to interns working in Senators’ offices.<sup>16</sup>

<sup>16</sup> For more information, see S.Rept. 115-274, pp. 25-26.

## Administrative Provisions

The Senate-passed bill contained the following three administrative provisions:

1. One provision, which was first included in FY2016, would require amounts remaining in the Senators' Official Personnel and Expense Account (SOPOEA) to be used for deficit reduction or to reduce the federal debt.
2. One provision would continue the freeze on Member salaries at the 2009 level. Member salaries are funded in a permanent appropriations account, and the legislative branch bill does not contain language funding or increasing Member pay. A provision prohibiting the automatic Member pay adjustments could be included in any bill, or be introduced as a separate bill.
3. One provision would amend the Federal Election Campaign Act of 1971 to require all designations, statements, and reports required to be filed under the act to be filed directly with the Federal Election Commission (FEC).

The SOPOEA and FEC provisions were included in the FY2019 act as administrative provisions, along with a provision extending an authorization for committee expenditures. The provision freezing Member salaries was included in the act as a general provision (§212).

The conference report also provided for two studies regarding Senate administrative operations. First, the Government Accountability Office (GAO) was directed to review the current operations of the Senate Employees' Child Care Center (SECCC). Second, the Secretary of the Senate was directed to carry out a study of salaries and benefits for Senate personal office and committee staff.

## House of Representatives

### Overall Funding

The House requested \$1.257 billion for FY2019, a 4.7% increase from the FY2018 enacted level of \$1.199 billion.<sup>17</sup> The House-passed bill and the act included \$1.233 billion, an increase of \$32.7 million (+2.7%) over FY2018.

Additional information on headings in the House of Representatives account is presented in **Table 7**.

### House Committee Funding

Funding for House committees is contained in the appropriation heading "committee employees," which typically comprises two subheadings.

The first subheading contains funds for personnel and nonpersonnel expenses of House committees, except the Appropriations Committee, as authorized by the House in a committee expense resolution. The House requested \$126.9 million (-0.1%), a slight decrease from the FY2018 and FY2017 enacted level and an increase of 2.4% from the level provided in FY2014, FY2015, and FY2016. The House-passed and enacted level of \$127.9 million provides an increase of \$850,000 (+0.7%) over the level provided in FY2018 and FY2017.

<sup>17</sup> Not including one gratuity payment.

The second subheading contained funds for the personnel and nonpersonnel expenses of the Committee on Appropriations. The House-passed and enacted level is \$23.1 million (-0.5%), a slight decrease from the level provided in FY2017 and FY2018.

### **Tom Lantos Human Rights Commission**

The House-reported version of H.R. 5894 would have provided \$230,000 for FY2019 for the Tom Lantos Human Rights Commission. The commission was established in the 110<sup>th</sup> Congress (H.Res. 1451, agreed to September 24, 2008) and continued in the House rules packages adopted for subsequent Congresses.<sup>18</sup> Following a point of order during consideration of H.R. 5895 in the House, this funding provision was not included in the FY2019 House-passed bill or in the act.<sup>19</sup>

### **Members' Representational Allowance<sup>20</sup>**

The Members' Representational Allowance (MRA) is available to support Members in their official and representational duties.

The House-requested level of \$573.6 million, also included in the House-passed bill and the act, represents an increase of \$10.998 million (+2.0%) from the level provided in FY2017 and FY2018.

### ***Administrative Provisions***

The House requested the continuation of several administrative provisions from prior years related to

1. unexpended balances from the MRA;
2. limiting amounts available from the MRA for leased vehicles; and
3. limiting or prohibiting the delivery of copies of bills and resolutions, the *Congressional Record*, the *U.S. Code*, the *Statement of Disbursements*, the *Daily Calendar*, and the *Congressional Pictorial Directory*.

The House-passed bill contained these provisions, as well as additional administrative provisions related to

1. repealing the authorizations for former Speakers' office space, office expenses, franking and printing privileges, and staff;<sup>21</sup>
2. prohibiting a cost-of-living adjustment to the salaries of Members of Congress in FY2019; and
3. authorizing transfer authority among House leadership offices.

<sup>18</sup> During committee funding authorization hearings held by the Committee on House Administration for the 111<sup>th</sup>, 112<sup>th</sup>, and 113<sup>th</sup> Congresses, funding for the Tom Lantos Human Rights Commission was addressed during discussion of the funding request of the House Committee on Foreign Affairs. A committee resolution (115-9) agreed to by the Committee on House Administration on March 7, 2018, allocated \$200,000 for the Committee on Foreign Affairs from the reserve fund for the expenses of the commission.

<sup>19</sup> A point of order was raised against the provision funding the commission, arguing that it was in violation of House Rule XXI, clause 2, because the commission was not authorized, under its enabling resolution, to receive a direct appropriation. The chair sustained the point of order and the provision was stricken from the House bill. See *Congressional Record*, daily edition, vol. 164, part 94 (June 7, 2018), pp. H4924-H4925.

<sup>20</sup> For additional information, see CRS Report R40962, *Members' Representational Allowance: History and Usage*.

<sup>21</sup> For additional information, see CRS Report RS20099, *Former Speakers of the House: Office Allowances, Franking Privileges, and Staff Assistance*.

All of these provisions were included in the act, along with an administrative provision establishing an allowance for interns in Member offices (up to \$20,000 per office during any calendar year; \$8.8 million was provided in the FY2019 act). The provision freezing Member salaries was included in the act as a general provision (§212).

Another requested provision, amending the House Services Revolving Fund to allow for the collection of a fee from vendors for failure to abide by and maintain House security policies, had previously been included in the FY2018 Consolidated Appropriations Act.

The House also requested additional administrative provisions that were not included in the House-passed or the enacted versions of the bill

- limiting or prohibiting the delivery of copies of the President's budget and the *Federal Register*; and
- relating to the provision of cybersecurity assistance to the House by other federal entities.

## Support Agency Funding

### U.S. Capitol Police (USCP)

The U.S. Capitol Police (USCP) are responsible for the security of the Capitol Complex, including, for example, the U.S. Capitol, the House and Senate office buildings, the U.S. Botanic Garden, and the Library of Congress buildings and adjacent grounds.

The FY2018 level was \$426.5 million. In comparison, levels considered for FY2019 include the following:

- requested: \$456.4 million (+7.0%)
- House-passed: \$456.4 million (+7.0%)
- Senate-passed: \$453.0 million (+6.2%)
- enacted: \$456.3 million (+7.0%)

Additional information on the USCP is presented in **Table 8**.

Appropriations for the police are contained in two accounts—a *salaries account* and a *general expenses account*.

1. Salaries—the Capitol Police requested, and the House-passed bill and FY2019 act included, \$374.8 million for salaries, an increase of \$23.1 million (+6.6%) from the \$351.7 million provided in FY2018. The Senate-passed bill would have provided \$371.5 million, an increase of \$19.8 million (+5.6%) from the FY2018 level.
2. General Expenses—the Capitol Police requested, and the House- and Senate-passed bills would have provided, \$81.55 million for general expenses, an increase of \$6.75 million (+9.0%) from the \$74.8 million provided in FY2018. The FY2019 act provides \$81.50 million, an increase of \$6.70 million (+8.96%).

Another appropriation relating to the Capitol Police appears within the Architect of the Capitol account for Capitol Police buildings and grounds. The FY2018 level was \$34.2 million. In comparison, levels considered for FY2019 include the following:

- requested: \$59.3 million (+73.2%)

- House-passed: \$52.5 million (+53.4%)
- Senate-passed: \$54.7 million (+59.7%)
- enacted: \$57.7 million (+68.5%)

## Office of Compliance

The Office of Compliance is an independent and nonpartisan agency within the legislative branch. It was established to administer and enforce the Congressional Accountability Act, which was enacted in 1995.<sup>22</sup> The act applies various employment and workplace safety laws to Congress and certain legislative branch entities.<sup>23</sup>

The Office of Compliance requested \$4.6 million for FY2019, \$406,000 (-8.2%) less than the FY2018 enacted level. As with all legislative branch requests, however, the Office of Compliance request was developed prior to the enactment of the FY2018 Consolidated Appropriations Act. The FY2018 act provided \$4.96 million, an increase of \$1.0 million (+25.3%) from the \$3.96 million provided each year since FY2015. The increased funding followed heightened attention beginning in late 2017 to sexual harassment policies in Congress and discussions related to potential future changes to the Congressional Accountability Act.

The House-passed bill would have provided \$5.4 million (+9.1%). The Senate-passed level of \$6.3 million (+27.7%) was included in the FY2019 act.

## Congressional Budget Office (CBO)

CBO is a nonpartisan congressional agency created to provide objective economic and budgetary analysis to Congress. CBO cost estimates are required for any measure reported by a regular or conference committee that may affect revenues or expenditures.<sup>24</sup>

The FY2018 level was \$49.95 million. In comparison, levels considered for FY2019 include the following:

- requested: \$50.7 million (+1.6%)
- House-passed: \$50.7 million (+1.6%)
- Senate-passed: \$50.3 million (+0.7%)
- enacted: \$50.7 million (+1.6%)

The FY2019 act also states that the Director shall use not less than \$500,000 to increase transparency of estimates and increase the availability of models, economic assumptions, and data (see also S.Amdt. 3057).

<sup>22</sup> P.L. 104-1, 109 Stat. 3, January 23, 1995. The act, as amended, applies 12 civil rights, labor, and workplace safety laws to Congress and certain legislative branch agencies. These laws are the Age Discrimination in Employment Act, Americans with Disabilities Act, Title VII of the Civil Rights Act of 1964, Employee Polygraph Protection Act, Fair Labor Standards Act, Family and Medical Leave Act, Federal Services Labor-Management Relations Act, Occupational Safety and Health Act of 1970, Rehabilitation Act of 1970, Veterans' employment and reemployment rights at Chapter 43 of Title 38 of the *U.S. Code*, Worker Adjustment and Retraining Act, and Veterans Employment Opportunities Act.

<sup>23</sup> Among the office's activities are administration of a dispute resolution process, investigation and enforcement of occupational safety and health and disability provisions of the act, investigation of labor relations and enforcement of applicable provisions, and development of educational programs regarding the act's provisions.

<sup>24</sup> The Congressional Budget Office is required to use estimates provided by the Joint Committee on Taxation for all revenue legislation (Balanced Budget and Emergency Deficit Control Act of 1985, P.L. 99-177, §273, 99 Stat.1098, December 12, 1985; 2 U.S.C. §§621 et seq.).

## ***Administrative Provisions***

CBO requested two administrative provisions, which would

1. apply certain provisions of the Federal Acquisition Regulation (FAR) to CBO, which were enacted in the FY2018 Consolidated Appropriations Act, but included in the FY2019 budget request due to timing; and
2. authorize CBO to reimburse new employees for relocation expenses.

The House-passed bill included the relocation expense reimbursement language. The Senate-passed bill and the FY2019 act did not include either provision.

## **Architect of the Capitol (AOC)**

The Architect of the Capitol (AOC) is responsible for the maintenance, operation, development, and preservation of the U.S. Capitol Complex, which includes the Capitol and its grounds, House and Senate office buildings, Library of Congress buildings and grounds, Capitol Power Plant, Botanic Garden, Capitol Visitor Center, and Capitol Police buildings and grounds. The Architect is responsible for the Supreme Court buildings and grounds, but appropriations for their expenses are not contained in the legislative branch appropriations bill.

The FY2018 level was \$712.1 million. In comparison, levels considered for FY2019 include the following:

- requested: \$768.4 million (+7.9%)
- House-passed:<sup>25</sup> \$721.8 million (+1.4%)
- Senate-passed: \$701.1 million (-1.5%)
- enacted: \$733.7 million (+3.0%)

Operations of the Architect are funded in the following 10 accounts: capital construction and operations, Capitol building, Capitol grounds, Senate office buildings, House office buildings, Capitol Power Plant, Library buildings and grounds, Capitol Police buildings and grounds, Capitol Visitor Center, and Botanic Garden. Additional funding information on the individual AOC accounts is presented in **Table 9**.

## ***Administrative Provisions***

The AOC also requested four administrative provisions:

1. a provision prohibiting the use of funds for bonuses for contractors behind schedule or over budget, first included in appropriations acts in FY2015;
2. a provision prohibiting scrims containing photographs of building facades during restoration or construction projects performed by the Architect of the Capitol, first included in FY2015;
3. a provision related to AOC's small purchase contracting authority, which would increase the threshold from \$100,000 to \$150,000; and
4. a provision amending authority related to AOC's Office of Security Programs, including interagency transfers of appropriations.

<sup>25</sup> The House and Senate generally do not consider appropriations for the other chamber's office buildings. For comparative purposes, these totals are taken from the conference report and include the office buildings.

The House-passed bill contained these four provisions, with a modification to the small purchase contracting authority that would raise the threshold from \$100,000 to \$250,000. The House-passed bill also contained two other administrative provisions:

1. a provision that would authorize the AOC to enter into a joint agency agreement to provide for interagency employee detailees; and
2. a provision that would permit the AOC to accept payment on the office's behalf from nonfederal sources for travel and related expenses for meetings related to employees' duties.

The Senate-passed bill contained the first two administrative provisions requested by the AOC, pertaining to the use of funds for bonuses and the prohibition of scrimps.

The FY2019 act contained all six of these administrative provisions.

## Library of Congress (LOC)

The Library of Congress serves simultaneously as Congress's parliamentary library and the de facto national library of the United States. Its broader services to the nation include the acquisition, maintenance, and preservation of a collection of more than 164 million items in various formats;<sup>26</sup> hosting nearly 1.8 million visitors annually;<sup>27</sup> service to the general public and scholarly and library communities; administration of U.S. copyright laws by its Copyright Office; and administration of a national program to provide reading material to the blind and physically handicapped. Its direct services to Congress include the provision of legal research and law-related services by the Law Library of Congress, and a broad range of activities by the Congressional Research Service (CRS), including in-depth and nonpartisan public policy research, analysis, and legislative assistance for Members and committees and their staff; congressional staff training; information and statistics retrieval; and continuing legal education for Members of both chambers and congressional staff.

The FY2018 level was \$669.9 million. In comparison, levels considered for FY2019 include the following:

- requested: \$672.7 million (+0.4%)
- House-passed: \$709.9 million (+6.0%)
- Senate-passed: \$687.4 million (+2.6%)
- enacted: \$696.1 million (+3.9%)

These figures do not include additional authority to spend receipts.<sup>28</sup> As stated above, the budget request levels were developed prior to the enactment of full-year appropriations for FY2018.

The FY2019 budget contains four headings:

1. *Salaries and expenses*—The FY2018 level was \$470.7 million, not including authority to spend receipts (\$6.35 million in FY2018, \$6.0 million in FY2019). In comparison, levels considered for FY2019 include the following:
  - requested: \$469.2 million (-0.3%)

<sup>26</sup> Figure obtained from the *Annual Report of the Librarian of Congress for Fiscal Year 2016*, Library of Congress, Washington, DC, 2017, p. 21. Available at <https://www.loc.gov/portals/static/about/reports-and-budgets/documents/annual-reports/fy2016.pdf>.

<sup>27</sup> Ibid., p. 25.

<sup>28</sup> An example of receipts is fees paid to the LOC for copyright registration.

- House-passed: \$487.8 million (+3.6%)
  - Senate-passed: \$468.4 million (-0.5%)
  - enacted: \$474.1 million (+0.7%)
2. *Copyright Office*—The FY2018 level was \$28.4 million, not including authority to spend receipts and prior year unobligated balances (\$43.6 million in FY2018 and \$49.8 million in FY2019). In comparison, levels considered for FY2019 include the following:
- requested: \$38.6 million (+35.9%)
  - House-passed: \$43.6 million (+53.2%)
  - Senate-passed: \$42.6 million (+49.9%)
  - enacted: \$43.6 million (+53.2%)
3. *Congressional Research Service*—The FY2018 level was \$119.3 million. In comparison, levels considered for FY2019 include the following:
- requested: \$113.6 million (-4.7%)
  - House-passed: \$125.7 million (+5.4%)
  - Senate-passed: \$123.8 million (+3.8%)
  - enacted: \$125.7 million (+5.4%)
4. *Books for the Blind and Physically Handicapped*—The FY2018 level was \$51.5 million. In comparison, levels considered for FY2019 include the following:
- requested: \$51.2 million (-0.6%)
  - House-passed: \$52.8 million (+2.5%)
  - Senate-passed: \$52.5 million (+2.0%)
  - enacted: \$52.8 million (+2.5%)

The Architect's budget also contains funds for the *Library buildings and grounds*. In FY2018, \$74.9 million was provided. In comparison, levels considered for FY2019 include the following:

- requested: \$113.4 million (+51.5%)
- House-passed: \$70.2 million (-6.2%)
- Senate-passed: \$64.1 million (-14.4%)
- enacted: \$68.5 million (-8.5%)

### ***Administrative Provisions***

The Library requested

1. authority to obligate funds for reimbursable and revolving fund activities (\$194.6 million); and
2. language related to the operations of the Copyright Office in the event of a lapse in annual appropriations.

The House- and Senate-passed bills and the FY2019 act included the reimbursable and revolving fund language, but not the Copyright Office language.

## Government Publishing Office (GPO)<sup>29</sup>

The FY2019 enacted level of \$117.0 million is equivalent to the funding requested by GPO and included in the House-passed and Senate-passed versions of the FY2019 bill. The level is \$68,000 (-0.1%) less than the level provided in FY2018 and FY2017.

GPO's budget authority is contained in three accounts:<sup>30</sup>

1. Congressional publishing—The FY2019 enacted level of \$79.0 million (a decrease of \$528,000, or -0.7%, from FY2018) is equivalent to the funding requested by GPO and included in the House-passed and Senate-passed versions of the FY2019 bill.
2. Public Information Programs of the Superintendent of Documents (salaries and expenses)—The FY2019 enacted level of \$32.0 million (an increase of \$3.0 million, or +10.3%, from FY2018) is equivalent to the funding requested by GPO and included in the House-passed and Senate-passed versions of the FY2019 bill.
3. Government Publishing Office Business Operations Revolving Fund<sup>31</sup>—The FY2019 enacted level of \$6.0 million (a decrease of \$2.5 million, or -29.7%, from FY2018) is equivalent to the funding requested by GPO and included in the House-passed and Senate-passed versions of the FY2019 bill.

## Government Accountability Office (GAO)

GAO responds to requests for studies of federal government programs and expenditures. GAO may also initiate its own work.<sup>32</sup>

The FY2018 level was \$578.9 million. In comparison, levels considered for FY2019 include the following:

- requested: \$616.1 million (+6.4%)
- House-passed: \$578.9 million (0.0%)
- Senate-passed: \$589.8 million (+1.9%)
- enacted: \$589.8 million (+1.9%)

These levels do not include offsetting collections (\$23.8 million in FY2018; \$24.2 million in the request; \$23.8 million in the House-passed bill; and \$35.9 million in the Senate-passed bill and law).<sup>33</sup>

<sup>29</sup> Formerly known as the Government Printing Office. For additional information on GPO, see CRS Report R45014, *Government Printing, Publications, and Digital Information Management: Issues and Challenges*.

<sup>30</sup> The FY2015 act renamed these accounts: (1) the former congressional printing and binding account was renamed congressional publishing, (2) the former Office of Superintendent of Documents (salaries and expenses) account was renamed Public Information Programs of the Superintendent of Documents (salaries and expenses), and (3) the revolving fund was renamed the Government Publishing Office Business Operations Revolving Fund.

<sup>31</sup> The revolving fund supports the operation and maintenance of the Government Publishing Office. For additional information, see CRS Report R40939, *Legislative Branch Revolving Funds*, by (name redacted) and (name redacted).

<sup>32</sup> GAO's guidelines for initiating studies are contained in U.S. Government Accountability Office, *GAO's Congressional Protocols*, GAO-04-310G (Washington: GAO, 2004), at <http://www.gao.gov/special.pubs/d04310g.pdf>.

<sup>33</sup> Offsetting collections include funds derived from reimbursable audits and rental of space in the GAO building.

## Open World Leadership Center

The Open World Leadership Center administers a program that supports democratic changes in other countries by inviting their leaders to observe democracy and free enterprise in the United States. The first program was authorized by Congress in 1999 to support the relationship between Russia and the United States. The program encouraged young federal and local Russian leaders to visit the United States and observe its government and society.

Established at the Library of Congress as the Center for Russian Leadership Development in 2000, the center was renamed the Open World Leadership Center in 2003, when the program was expanded to include specified additional countries.<sup>34</sup> In 2004, Congress further extended the program's eligibility to other countries designated by the center's board of trustees, subject to congressional consideration.<sup>35</sup> The center is housed in the Library and receives services from the Library through an interagency agreement.

The legislative branch bills have included a provision since FY2016, also contained in the FY2019 act, stating

That funds made available to support Russian participants shall only be used for those engaging in free market development, humanitarian activities, and civic engagement, and shall not be used for officials of the central government of Russia.

Open World requested \$5.8 million for FY2019, an increase of \$200,000 (+3.6%). The FY2019 act included the House-passed and Senate-passed level of \$5.6 million, the same as the enacted level for FY2018, FY2017, and FY2016.

The location and future of Open World, attempts to assess its effectiveness, and its inclusion in the legislative branch budget have been discussed at appropriations hearings and in report language for more than a decade. The funding level for Open World has also varied greatly during this period. For additional discussion, see the “Prior Year Discussion of Location and Funding of Open World” section in CRS Report R44899, *Legislative Branch: FY2018 Appropriations*, by (name redacted) .

## John C. Stennis Center for Public Service Training and Development

The center was created by Congress in 1988 to encourage public service by congressional staff through training and development programs.<sup>36</sup> The FY2019 act provides \$430,000, which is approximately the same level provided since FY2006.

## General Provisions

As in past years, Congress considered a number of general provisions related to the legislative branch. These provisions and their status are listed in **Table 4**.

<sup>34</sup> P.L. 106-554, 114 Stat. 2763, 2763A-120, December 21, 2000; P.L. 108-7, 117 Stat. 382, February 20, 2003. According to the 2003 act, the additional countries include “any country specified in §3 of the FREEDOM Support Act (22 U.S.C. 5801),” and “Estonia, Latvia, and Lithuania.” The countries specified in 22 U.S.C. 5801 are Armenia, Azerbaijan, Belarus, Georgia, Kazakhstan, Kyrgyzstan, Moldova, Russia, Tajikistan, Turkmenistan, Ukraine, and Uzbekistan.

- a. Members of Congress last received a pay adjustment in January 2009. Absent either a statutory prohibition for Member pay or automatic limitations related to the General Schedule (GS), Members of Congress are scheduled to receive a maximum adjustment of 2.3%, or \$4,000, in January 2019. The legislative branch bill does not contain language funding or increasing Member pay, and a provision prohibiting the automatic Member pay adjustments could be included in any bill, or be introduced as a separate bill.
- b. A similar provision was included in the House-passed bill as an administrative provision in the section on the House of Representatives.

- c. A similar provision was included in the Senate-passed bill as an administrative provision in the section on the Senate.

## Introduction to Summary Tables and Appendix

**Table 5** through **Table 9** provide information on funding levels for the legislative branch overall, the Senate, the House of Representatives, the Capitol Police, and the Architect of the Capitol.

The tables are followed by an **Appendix**, which lists House, Senate, and conference bills and reports; public law numbers; and enactment dates since FY1998.

As stated above, FY2019 legislative branch budget requests had already been developed and submitted to the Office of Management and Budget (OMB) prior to the enactment of funding for FY2018.

**Note:** Numbers may not sum due to rounding.

- By tradition, the House generally does not consider appropriations for Senate operations or Senate office buildings, and the Senate generally does not consider appropriations for House operations or House office buildings.
- This total includes one gratuity payment of \$174,000.
- The House Salaries and Expenses account in both the House-passed and Senate-passed versions of H.R. 5895 would have provided \$1,232,893,000. Due to the point of order in the House regarding the funding

- for the Tom Lantos Human Rights Commission, the sum of the individually specified items in the bills is \$1,232,663,000. This lower amount was continued in the enacted version of the bill.
- d. The FY2019 request contains the following under “Joint Items”: the Joint Economic Committee, the Joint Committee on Taxation, the Office of the Attending Physician, and the Office of Congressional Accessibility Services.
  - e. Does not include emergency appropriation provided by P.L. 115-123. Title IX of Division B provided \$14.0 million to the Government Accountability Office “for audits and investigations relating to Hurricanes Harvey, Irma, and Maria and the 2017 wildfires.”
  - f. S.Rept. 115-274 indicated -2,000 for administrative provisions.
  - g. Includes, for example, scorekeeping adjustments or prior year outlays.

- By tradition, the Senate generally does not consider appropriations for House operations. The bill reported by the Senate Appropriations Committee (S. 3071) did not address House funding. The Senate then included, without change, the House-passed funding levels for House operations in its version of H.R. 5895.
- Total including the "Payments—Heirs of Deceased Members of Congress."
- The House Salaries and Expenses account in both the House-passed and Senate-passed versions of H.R. 5895 would have provided \$1,232,893,000. Due to a point of order in the House regarding the funding for the Tom Lantos Human Rights Commission (\$230,000 in the House-reported bill), the sum of the individually specified items in the bills is \$1,232,663,000. This lower amount was continued in the enacted version of the bill.

- a. The House generally does not consider appropriations for Senate office buildings, and the total does not include funding for that account.
- b. Not including offsetting collections.
- c. The Senate generally does not consider appropriations for House office buildings. S. 3071, the Senate-reported version of the FY2019 legislative branch bill, did not include funding for the House office buildings. H.R. 5895, as amended and passed in the Senate on June 25, 2018, included the funding level contained in the House-passed version of the bill.

The Congressional Research Service (CRS) is a federal legislative branch agency, housed inside the Library of Congress, charged with providing the United States Congress non-partisan advice on issues that may come before Congress.

EveryCRSReport.com republishes CRS reports that are available to all Congressional staff. The reports are not classified, and Members of Congress routinely make individual reports available to the public.

Prior to our republication, we redacted names, phone numbers and email addresses of analysts who produced the reports. We also added this page to the report. We have not intentionally made any other changes to any report published on EveryCRSReport.com.

CRS reports, as a work of the United States government, are not subject to copyright protection in the United States. Any CRS report may be reproduced and distributed in its entirety without permission from CRS. However, as a CRS report may include copyrighted images or material from a third party, you may need to obtain permission of the copyright holder if you wish to copy or otherwise use copyrighted material.

Information in a CRS report should not be relied upon for purposes other than public understanding of information that has been provided by CRS to members of Congress in connection with CRS' institutional role.

EveryCRSReport.com is not a government website and is not affiliated with CRS. We do not claim copyright on any CRS report we have republished.
