# House Standing Committee Chairs and Ranking Members: 104<sup>th</sup>-119<sup>th</sup> Congresses

The rules of the House of Representatives (House Rule X) establish its standing committees as permanent legislative panels. Pursuant to this legislative authority, standing committees consider bills and resolutions and recommend measures for consideration by the full chamber. The standing committee chair is the leader of the committee majority, and the ranking member represents the minority.

This report lists House standing committees' chairs and ranking members from the 104<sup>th</sup> Congress (1995-1996) to the 119<sup>th</sup> Congress (2023-2026). These House committees include Agriculture; Appropriations; Armed Services; Budget; Education and Workforce; Energy and Commerce; Ethics; Financial Services; Foreign Affairs; Homeland Security; House Administration; Judiciary; Natural Resources; Oversight and Government Reform; Rules; Science, Space, and Technology; Small Business; Transportation and Infrastructure; Veterans' Affairs; Ways and Means; and Permanent Select Committee on Intelligence.

This report also includes an appendix listing relevant House resolutions assigning chairs and ranking members to committees, and it notes committee leadership changes that occurred within a Congress.
